

Harbor regulations

1. Unauthorized persons are not allowed to enter the halls and jetties.
2. The berths are to be kept clean. No floor mats and antennas should be attached to the jetty. For proper mooring of boats is essential to take care. The night rest requires everyone's consideration and must be observed.
3. Each customer is required to sort his household waste properly in the designated container. The disposal options in the harbor are intended exclusively for garbage on board.
4. Industrial waste: Batteries, waste oils, greases, carpets, refrigerators, tarpaulins, foils, etc. are to be disposed of exclusively at the gas station for a fee.
5. The discharge of waste water into the port is not permitted. The use of on-board toilets in the harbor is only permitted if the boat is equipped with a dedicated wastewater tank. Refueling the boats is only allowed in the gas station area. Automatic bilge systems must not be used.
6. Only legally approved, TBT-free underwater hull colors are permitted in the port of ancora. The customer is liable for infringement.
7. The maximum speed for ships in the entire port area including the driveways is 10 km / h. Skippers are liable for exceeding. Jet skis and dinghies are only allowed to go in standstill in the harbor.
8. Parking is only allowed on the prescribed pitches. Unlawfully parked vehicles can be removed by the landlord, the costs are borne by the vehicle owner. The traffic regulations apply throughout the port area.
9. The washing of motor vehicles, trailers, etc. is not permitted in the entire port area. For the washing of underwater vessels, washing stations are available for a fee.
10. Private storage blocks and trailers are to be removed from the harbor area after winter storage, otherwise we will have to charge reimbursements according to the applicable price list. Trailer and storage blocks, which nevertheless remain in the ancora Marina, can be stored by the renter at his own risk in the designated place for a fee.
11. Smoking and working with open flame and sparking tools in the halls is prohibited. All noise and dirt-causing work is not permitted on the jetties. For this, the ship is to be moved to the service area.
12. Housing and sleeping on ships parked ashore is not permitted for safety reasons.
13. Dogs must be kept on a leash in the port area. Exception is the dog place.
14. Cooling the yachts with drinking water is not permitted.
15. Cycling on the jetties is prohibited.
16. In the case of sailing yachts, the shipowners, for reasons of noise protection, ensure that the traps on the sailboats are tightened or other measures are taken to prevent the hitting of the lines / shrouds on the mast.
17. Footbridges may never be delivered with objects / bicycles or other materials. The immaculate accessibility for all customers without obstacles must be maintained at all times.
